

Welcome to a new year in Art! I'm excited to add another middle school Art class this year! I believe everyone should have a chance to do Art because everyone is an artist even if they don't think they are. August will be a time to get to know each other again and welcoming new, and familiar faces and using art to express ourselves, feelings and teaching others to know us better through that process. Primary and elementary will be learning color basics and creating name tiles to display throughout the room. Middle school will be creating a project that's all about them, and will allow me to get to know them in a more personal way. I'm excited for a new and messy year in the Art room and hope your child is as well.
